

## Reifen China 2012

The sixth trade fair for the Asian tyre market Reifen China is being organised by Messe Essen together with the China United Rubber Corporation (CURC) from 14 – 16 November 2012 in Shanghai, China. The trade show centres on products and services for everything to do with tyres, wheels, and garages. It runs parallel to the 12th RubberTech China, which is organised by CURC and showcases a portfolio that is complimentary to the products and services offered at Reifen China, such as machinery for rubber processing, analysis equipment for rubber products, rubber raw materials and chemicals, as well as non-tyre rubber products.
