

RubPlast Expo 2010

The third edition of the plastics and rubber processing industries fair RubPlast Expo will take place from 16 – 18 November 2010 in Sosnowiec, Poland. The range of products at the fair includes among others: machines and equipment, forms and tools, plastics, rubber compounds, composites, pigments, recycling technologies, peripheral systems and services. According to the organiser Kolporter Expo, last year's event attracted about 150 exhibitors from Austria, Czech Republic, Germany, India, and Poland.
