

## Call for papers: Asiatec 2011

The Society of Plastics Engineers (SPE) is recruiting speakers for the Asiatec 2011 conference, a technical conference designed as an Asian counterpart to Antec in North America.

The Asiatec will take place 15 – 17 February 2011 in Tokyo. Papers are invited in the following areas: nanotechnology, composites for automobiles, packaging products, green and biomass plastics, medical plastics, polymer processing, engineering properties and structure, thermoplastic elastomers, optics and optical devices, and life-support plastics.

The deadline for submission is 1 October 2010.
