

## Processing and Properties of Reinforced Polymers

The fifth Asia-Europe Symposium on **Processing and Properties of Reinforced Polymers** will be organised by the **Leibniz Institute of Polymer Research Dresden**, the **Technische Universität Dresden**, **Fraunhofer-Institute for Mechanics of Materials**, Halle, and the Institute of Chemistry of the **Martin Luther University Halle-Wittenberg** from **29 May – 1 June 2011** in **Dresden**, Germany. The organisers have issued a Call for Papers on topics such as: Fundamental aspects of reinforcement and matrices, interphases and interfaces, advances in polymer composites, functional and smart composites, bio-composites, fracture, manufacturing and processing, and industrial application. Deadline for abstract submission is **15 January 2011**.
