

FIP Solution Plastique 2014

The three-yearly plastics industry exhibition **FIP Solution Plastique** will be held from **17 – 20 June 2014** in **Lyon, France**. According to the organiser **Idice SAS**, FIP is the only French trade show that brings together all plastics industry players in one place. As in the year 2011, the coming event will be providing a dedicated area for developers called the “FIP' projets” area. FIP solution plastique 2011 was combined with the fourth international rubber and polymer industry exhibition Caoutchouc Gaoucho Gomma and brought together some 600 exhibitors. Attendance increased in 2011 by 14 % compared to 2009 with some 6,800 visitors.
