

RubberTech China and Reifen China 2011 to welcome the global rubber and tyre industries in Shanghai

The 11th International Exhibition on Rubber Technology “RubberTech China 2011” and the 5th Asian Essen Tire Show “Reifen China 2011” will open from 22 – 24 November 2011 at the Shanghai New International Exhibition Centre (SNIEC) in Shanghai, China. The organiser China United Rubber Corporation (CURC) expects nearly 600 exhibitors and over 10,000 visitors to attend both three-day events.

According to CURC, the exhibitors of RubberTech China this year will be more than 420 companies. Among them, foreign exhibitors account for 25.7 % (as of the end of September) and RubberTech China will cover two halls of 23,000 m² in SNIEC. CURC says it expects both the show scale and exhibitor numbers to reach new heights.

Compared with last year, RubberTech China 2011 is expected to attract more rubber reinforcement manufactures, e. g.: Bekaert, Jiaxing Eastern Steel Cord, Zhejiang Hailide New Material Co., Jiangsu Xingda Steel Tyre Cord, Shandong SNTON Steel Cord, Shandong Hualian Group, Zhejiang Tianlun Steel Wire Co., Mehler Engineered Products (Suzhou) Co., Junma Tyre Cord Co., Wuxi Taiji Industry Co., and also Jiangyin Qiangli Chemical Fiber Co., amongst others.

Rubber machinery manufactures are always the main exhibitors at RubberTech China. According to CURC, all the top ten Chinese rubber machinery companies will showcase their latest innovations at the show, e. g.: Mesnac, China National Chemical Equipment Corp.(CNCE), Tianjin Saixiang Technology Co., Beijing BAMTRI, Dalian Rubber & Plastic Machinery, Beijing Jingye Mechanical Equipment, Beijing Hanch, Tungyu (Ningbo) Hydraulic Industries Co., Qingdao Double-star R&P Machinery Co., Gotech Testing Machines, Beijing New Universal S&T Co., Jiangsu Double Elephant Group, Dalian Rubber & Plastic Machinery Co., Ltd., Dalian Huahan Rubber & Plastic Machinery Co., Ltd., China Chemical Guilin Engineering Co.(CGEC), Sichuan Yaxi R&P Machine Co., Guangdong Yizumi Seiki Machinery Co., Pan Stone (Anhui) Hydraulic Indus., VMI Yantai, and Siemens Ltd.,China, amongst others.

Two of the largest domestic tyre mould manufactures, Shandong Himile Mechanical Science and Technology Co. and Guangdong Greatoo Molds Inc., are also exhibitors of RubberTech China this year.

In addition, visitors can meet with all large Chinese rubber chemical suppliers, including: Jiangsu Sinorgchem Technology Co., Shandong Yanggu Huatai Chemical Co., Shandong Shanxian Chemicals Co., Northeast Auxiliary Chemical Industry Co., Sinopec Nanjing Chemical Industries Co., Kemai (Tianjin) Chemical Technical Co., Ltd., Puyang Willing Chemicals Co., Tianjin No. 1 Organic Chemical Plant, Wuhan Jinghe Chemical Co., and Qingdao Boxite Chemistry Industry, amongst others.

CURC says for carbon black consumers, RubberTech China is also a good business platform. Hebei Daguangming Juwuba Carbon Black Co., Ltd., China Rubber Group Carbon Black Research & Design Institute, Jiangxi Black Cat Carbon Black Co., Ltd., Dongying Nicest Carbon Black Co., and Shanxi Lixin Chemical Co., will showcase their specialities.

The Chinese rubber seal maker Anhui Zhongding Holding (Group) Co., Ltd., the conveyor belt maker Zhejiang Doublearrow Rubber Co., Ltd., as well as the reclaimed rubber makers Nantong Huili Rubber Co. and Fujian Huanke Chemical Rubber Group Co., Ltd. will also attend the expo.

Reifen China is co-organised by **Messe Essen GmbH** and **China United Rubber Corporation** since the year 2007 and will be held for the fifth time this year. More than 150 exhibitors and 6,000 professional visitors are expected to the fair.

Reifen China, as well as its mother brand Reifen Show in Essen, Germany, always attracts tyre industry leaders and is constantly drawing more attention and interest from many large industry players to participate. More than half of the top 100 Chinese tyre manufacturers have already confirmed their participation, such as: Hangzhou Zhongce Rubber, Triangle Tyre, Shandong Linglong Rubber, Doublecoin Group, Aelous Tyre, Cooper Chengshan, Guizhou Tyre, Shandong Jinyu Tyre, Jiangsu General Science Technology, Feichi Tyre, Xugong Tyre of XCMG., Taiwan Nankang Tyres, and Kenda Rubber (China) Co., Ltd., amongst others.

According to the organisers, the participation of these major companies and international key producers drives the domestic and

global enthusiasm for new enterprises to participate and be a part of this leading event in Asia, e. g. India Apollo Tyres Co. will exhibit for the first time at this expo.

Reifen China has become established in the Asian market as a platform for products and services for everything to do with tyres, wheels and garages. The fair will focus on tyre production, tyre accessories, equipment for repair shops, etc. This year, the range on offer at Reifen China will be extended especially in the fields of garage equipment and wheel rims.

Concurrently, the Tyre/Rubber Forum will be held free of charge. More information on www.reifenchina.com and www.rubbertech.com
