## NPE2012: Extended deadline for International Plastics Design Competition (IPDC)

The SPI Society of the Plastics Industry has extended the deadline for submissions to the 2nd International Plastics Design Competition (IPDC).

[image\_0]

Entries may be submitted online at [www.plasticsdesign.org](http://www.plasticsdesign.org) and must be submitted by **29 February 2012**.

Entries can be for finished products or components and can be submitted by any individual or company along the supply chain: designer, toolmaker, processor, material supplier, equipment builder, or OEM.

The IPDC will culminate at NPE2012 with a prominent display of submitted parts or products and a gala awards presentation.

[Deadline for submissions to the International Plastics Design Competition is approaching](#)
