

## Baulé USA names Vivion as western representative

Vivion, Inc. has joined with Baulé USA LLC, a wholly owned subsidiary of Bayer MaterialScience, to distribute the company's Cast Polyurethane Systems line of products in the Western USA and Western Canada. The cast PU systems are used to manufacture a variety of products including mining screens, skate wheels, pipeline pigs, cutting blankets, chopper cots, and industrial wheels. Vivion began its representation of the Baulé systems line on 1 January 2013. Vivion is headquartered in San Carlos, CA, and has additional warehouses in Vernon, CA, Portland, OR, Salt Lake City, UT, and Tempe, AZ.
