

Luvomaxx partner JianXi Black Cat opens new furnace black production plant

The Chinese company **JiangXi Black Cat** has recently opened its eighth production plant for furnace black in **Jining, Shandong province**.

Just back from his last trip to China and a visit to the **JianXi Black Cat** plant in HanCheng City, ShaanXi province, **Karl-Heinz Teschke**, Head of the Luvomaxx business at the Hamburg-based company **Lehmann & Voss & Co. KG (LuV)**, reported on the commissioning of an eighth furnace black plant of partner JiangXi Black Cat.

The new plant in Jining, Shandong province, will initially start production Mid-March 2014 with two production lines, each with 40,000 t/y capacity of highly reinforcing furnace black. Another production line for highly reinforcing furnace black as well as a line for semi-reinforcing furnace black will start up by the end of 2014.
