

FSK elects new board for the association

For the first time, with Jens-Jürgen Härtel from Volkswagen AG and Karl Niebauer from BMW AG, two automobile manufacturers will be represented on the board of the German Specialist Association Foamed Plastics and Polyurethanes (Fachverband Schaumkunststoffe und Polyurethane e. V. – FSK).

“The colleagues Härtel and Niebauer particularly represent the plastic sectors of the two automotive manufacturers in the FSK and excellently complement machine manufacturers, system houses, and processors on the FSK board”, commented the re-elected FSK Chairman of the Board **Albrecht Manderscheid** (Cannon Deutschland GmbH) about the two new members of the board.

(f.l.t.r.): In the first row: Jens-Jürgen Härtel, Albrecht Manderscheid, Ralf Schmidt, Dr. Peter Gansen; back row: Dr. Thomas Mack, behind him Klaus Pontius, Dr. Hans W. Schloz (FSK Managing Director), Karl Niebauer, Gerhard Hinzsch, Martin Dietrich, Dr. Alfred Link, Manfred Werner

The FSK board has thereby been extended by one board member. **Dr. Michael Begemann** was no longer a candidate. For Chairman Albrecht Manderscheid it was the eighth re-election.
